

Christmas Angels

The Mortgage Bankers Association of Alabama (MBA of Alabama) partner each year with the Alabama Salvation Army of Birmingham to provide many children with Christmas gifts and clothes. The MBA of Alabama and its members for the past seven years have adopted over 120 Angels each year. Not only are the angels adopted by individuals but also by companies and departments.

Over 120 children each year will benefit from this program just from the MBA of Alabama member's alone. Making a child's Christmas enjoyable, who would otherwise not have a nice Christmas, is a very rewarding and enjoyable event to participate in. Many children have not only their needs met, but also their wish for that special Christmas gift.

There is such a high interest in the adoption of the Christmas Angels that it has become a contest which company will adopt the most. The past year the company that adopted the most angels was selected to take home the "Angel Trophy." Now, each year there will be a competition to see which company will take home the "Angel Trophy."

InterLinc Mortgage is in the possession of the "Angel Trophy" for the year 2015.
